

## OPIMUM BILL BRINGS FLOOD OF PROTESTS

Doctors and Dentists Tell  
Senate It Cripples Practice  
of Professions.

Telegrams and letters from physicians and dentists, in every part of the country, are pouring in on the Senate by thousands. They refer to the opium bill and voice objections to certain features of that measure. Senators are so convinced that the complaints of the doctors and dentists will have to be regarded and the bill amended. The Democratic leaders do not want to see the enemy of that numerous element of the public and hence change in the bill is likely.

The bill is intended to provide for the registration of persons dealing in opium and other narcotics. The House has passed it and it is on the Senate calendar. That calendar is so crowded that it may not pass this session. A few night sessions might clear the calendar up and in that event the opium bill would be considered and, perhaps, disposed of.

The bill as passed by the House would have prevented administration of morphine, cocaine and kindred drugs by physicians or dentists, but would not have prevented such drugs from being administered by a physician or dentist. This means that the physician could not give a hypodermic injection of morphine or a cocaine solution, or a similar preparation, on the gums of a patient.

Nelson Has Amendment.

This has stirred up protest among the medical men and dentists. Senator Nelson of Minnesota has prepared an amendment to allow dentists or physicians to administer the drugs in question. This is satisfactory to the medical men and the caretakers of the public. It is also satisfactory to the dentists. This means that the physician could not give a hypodermic injection of morphine or a cocaine solution, or a similar preparation, on the gums of a patient.

List of "Dope Fiends."

This would enable the Government to know the intimate details of professional practice. It would enable the Government to know all the "dope fiends." The doctors and dentists say they would have to hire secretaries or bookkeepers, or so they are up in arms about it, and this accounts for the flood of protesting telegrams already mentioned.

Just what will come of the proposed legislation is not certain, but it is expected the bill will be made less objectionable to the dental and medical fraternities than it now is. It would be amended so that the dentist would be allowed to administer the drugs in question. It is also expected that the date of administration and the names and addresses must be preserved for two years and be accessible to inspection by an agent of the Treasury Department.

Street Safety Advocates

Planning for Excursion

The Street Safety Association of the District will hold an excursion to Maryland Hall August 7, according to an announcement of Dr. Edgar D. Thompson today. The following committee has been appointed to arrange a program for the occasion: A. J. Driscoll, chairman; William F. Peabody, Daniel E. Edgar, Dr. S. Martin, Dr. Benjamin F. Gibbs and J. Clinton Hatt. A publicity committee comprising Frank A. Woodfield, chairman; William E. Safford and William F. Peabody has also been appointed.

Tent City To Be Opened

At Potomac Great Falls

Hundreds of Washingtonians who will witness the opening of the Great Falls "Tent City," a group of more than 100 tents, which have been erected by the Great Falls and Old Dominion Railway Company, and which will be opened for public inspection tomorrow. The tents are designed for the accommodation of summer campers. They are equipped with board floors and are heated by electricity and furnished with electric lighting. They will be rented weekly or for any period of time desired. It is announced.

Have Narrow Escape

Willa Naus, 770 Seventh street northeast, and Norman Nichols, 1225 E street southeast, narrowly escaped injury last night when an automobile in which they were riding went over a fifteen-foot embankment on Nichols avenue, near the Government Hospital for the Insane. The automobile was due to the steering gear failing to work properly.

Many Recoveries

From Lung Troubles

Edman's Alternative has restored to health many sufferers from lung trouble. Read what it did in this case: Wilmington, Del. Gentlemen—In January, 1908, I was taken with hemorrhages of the lungs. My physician, a leading practitioner, said that it was lung trouble. I got very weak. C. A. Lipson, of Lipson's Department Store, Wilmington, Del., recommended Edman's Alternative that had done great good. I began taking it at once. I continued taking it, using no other remedy, and finally the clearing of the lungs. I now have no trouble with my lungs. I firmly believe Edman's Alternative saved my life. (Abbreviated) JAS. SQUIRES. Edman's Alternative is most effective in bronchial catarrh and severe throat and lung affections and upbuilding the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Sold by O'Donnell's Drug Stores and leading druggists. Write Edman Laboratory, Philadelphia, Pa., for booklet of recoveries.—Adv.

Roosevelt Ignores

Attack by Du Bois

Wilson Is Responsible for Proposed Colombian Payment, Colonel Declares.

OSTER RAY, N. Y., July 2.—Dismissing in thirteen words the charges made by James T. Du Bois, formerly minister to Colombia, regarding the part played by the United States in the Panama revolution, Colonel Roosevelt launched into an attack on the Wilson Administration and the proposal in the new treaty to pay Colombia \$25,000,000 indemnity. He also took a dig at the Administration's Mexican policy.

In a statement issued at Sagamore Hill, the Colonel said:

"I have nothing to say about Mr. Du Bois. He is merely an instrument. Mr. Wilson is responsible for the proposed payment of the blackmail to Colombia. Whether he does it on his own initiative or on the instigation of Mr. Bryan is wholly unimportant. And it is of infinitely less importance what particular subordinate was chosen to carry through the disgraceful transaction or to apologize for it in the public press. "Neither Mr. Wilson nor Mr. Bryan can answer my statement. The payment, if made, will be a naked payment of belated blackmail, and the mere proposal to make it is an outrage on the honor and a blow to the interests of the American people. There is small wonder that hundreds of Americans in Mexico have been endeavoring to become British, German or French subjects in order to get some protection from some government."

Three Divisions of P. O.

Now in New Building

Three divisions of the City Postoffice are now established in the new building next to the U. S. Customs. Parts of the third and fourth floors are now occupied by the supply division, the railroad division, and the stamp division. The entire building probably will be ready for occupancy early in August, and Postmaster Praeger says he will move into his new quarters as quickly as they are ready.

## SILLIMAN PROMOTED TO CONSULAR PLACE

President Praises Him For  
Meritorious Service During  
Strife at Sattillo.

Before leaving for Mexico today to confer with General Carranza, John Reed Silliman, accompanied by Mrs. Silliman, visited the White House for final instructions.

The President complimented Mr. Silliman on the manner in which he "kept his head" during the stirring times in Sattillo. He then told Mr. Silliman that he had issued an order waiving the civil service regulation and promoting him from vice consul to consul "for meritorious service."

Direct communication between President Wilson and General Carranza will be established immediately. Mr. Silliman goes as the personal representative of President Wilson.

For the last fortnight Silliman has held daily conferences with President Wilson, and with the agents of the constitutionalists, here. He is about the only individual living who most nearly knows President Wilson's innermost mind on the Mexican subject. Silliman was a classmate of the President at Princeton, and there is a very close bond of sympathy between them.

Members of the constitutionalist junta marked time today. Informal meetings were held between Carranza, Zubaran, and Judge Douglas, Carranza's attorney. Up to noon there had been no word from General Carranza.

Further evidences of the strained relations between Carranza and Villa were indicated by the attitude of the constitutionalist representatives here, who were incensed over statements by Felix Sommerfeld, Villa's personal representative. Sommerfeld left last night for New York ostensibly to watch the developments in the Mexican railway situation. It is understood that Sommerfeld will stay in New York until the latter arrive from Niagara Falls.

Zubaran said he did not expect to confer with Ambassador Neun until next week.

At constitutionalist headquarters it was intimated that New York city might be chosen for conference, if any are held, between the Huertista and Carranza representatives to discuss the provisional government and internal questions of Mexico.

Norman L. Orme Urged

To Fill Vick's Place

Now that definite announcement that the resignation of Walter H. Vick, collector of customs for Santo Domingo, has been accepted, friends of Norman L. Orme, a Washingtonian, are bending every energy to secure his appointment to the vacancy. At present, Mr. Orme is collector of customs at Puerto Plata, the second city of importance on the island.

Until two or three years ago, Mr. Orme lived in Takoma Park, and was an employee of the Treasury Department. He was transferred to Porto Rico, serving at San Juan as deputy collector of customs, after which he accompanied Vick to Santo Domingo upon his appointment, and was assigned to duty as collector of customs at Puerto Plata.

Mr. Orme came originally from Arizona, and has the support of Senators Ashurst and Smith for appointment to Vick's vacancy.

## TALKS TO LAWYERS

SENATOR HAMILTON LEWIS,

Who Made the Principal Address Before the Maryland Bar Association, at Cape May, N. J., on "Law and Government," Today.

JONES MUST TELL OF

HARVESTER DEALING

Senate Banking Committee Disregards Desires of Wilson as to Nominee.

As the result of a sharp discussion in the Senate Banking and Currency Committee, over the qualifications of Thomas D. Jones, of Chicago, for member of the Federal Reserve Board, it has been decided to have Jones come before the committee next Monday and explain his relations to the International Harvester Company.

The action of the committee is the more interesting because President Wilson appointed Jones for personal reasons and did not want him called before the committee. But so much question has been raised about his membership on the harvester board that the majority of the committee felt it necessary to summon him. The indications are that the fight against his confirmation will be serious.

The committee took no action on Paul M. Warburg and it is possible he will be asked to appear. The objections raised to him include the one that he has been connected with Kuhn, Loeb & Co., a New York banking house with large foreign interests, and that to put him on the board would be bringing the Federal reserve system into too close touch with European finance.
